[If you know this bar chord, you can use it here to perfection.

i don t think mason does it this simply, but it ll get you there in a pinch]

**B E G#m A B E**  
12/8 time seemed to her to be some sort of life of crime

**G#m A B E**  
With the handcuffs and the billy clubs coming down on me  
She said rock n roll don t give her nothing but bad dreams

**G#m A**  
So she planned my funeral and left me for dead

**G#m A**  
A single corpse in a double bed

**G#M A**  
But now she s standing on my front porch

**B**  
She goes knock knock knock knock

Knock knock knock knock

**E B E**  
She come a-knockin at my door

**E B E**  
Now she come a-knockin at my door

**E B E**  
Now her key it don t fit

**E B E**  
I m not gonna let her in  
Now she come a-knockin at my door  
Now she come a-knockin at my door  
Now her key it don t fit

I m not gonna let her in

Now wouldn t you lookie here  
She s got a perfume bottle and a fancy clothes  
And a ribbon in her hair  
Well she ain t bad-lookin , and I ll give her that  
But she ain t all there  
And her body ain t as sexy as her underwear  
Her stomach ain t big enough I suppose  
To eat up all the mean words that she spoke  
She gonna try and ring quiet but the doorbell s broke  
She gonna hafta knock knock knock, I said  
You re gonna knock knock knock, yeah

She come a-knockin at my door  
Now she come a-knockin at my door  
Now her key it don t fit  
I m not gonna let her in  
Now she come a-knockin at my door  
Now she come a-knockin at my door  
Now her key it don t fit  
I m not gonna let her in

She come a knock-knock, let me in  
She come a knock-knock, let me in  
She come a knock-knock, let me in  
I said no-o-o,  
She come a knock-knock, let me in  
She come a knock-knock, let me in  
She come a knock-knock, please  
Oh good God please let me in  
No no no no no...  
Not by the hair of my chinny-chin-chin  
Would I ever consider to begin to let you in
