

Lifeline

Mat Kearney

D **A**
you're watching everything you ever held on to
slip away from you
D **A**
and all you're running from well it's catching up to you
G
got you looking for a lifeline
Bm
swimming in the high tide
G
waiting for the daylight
A G
to bring you home

D **D/F#**
the world is too big to never ask why
Bm **G** **A**
the answers don't fall straight out of the sky
D **D/F#**
i'm fighting to live and feel alive
Bm **G** **A**
but i can't feel a thing without you by my side
G A
send me out a lifeline

D **A**
you're watching everyone you ever belonged to
walk away from you
D **A**
maybe all along you've been running from the truth

G
got you looking for a lifeline
Bm
you're swimming in the high tide
G
waiting for the daylight
A G
to bring you home

Bm **G**
there's nothing i would change, i'd give it all away
D **A**
for you again and again and over again
Bm **G** **D** **A**
everything i own is in your control
