N.C. C  
we got our feet on the wire  
G  
talking bout flying  
Am F  
maybe we re diving in over our heads  
C  
scared of what i m feeling  
G  
staring at the ceiling  
Am F  
here tonight  
C  
come on and lay down these arms  
G  
all our best defenses  
Am F  
we re taking our chances here on the run  
C  
if fear is an anchor  
G  
then time is a stranger  
Am  
love isn t borrowed  
F  
we aren t promised tommorow

Am F C  
We ll never be ready if we keep waiting  
G Am  
for the perfect time to come  
F C G  
hold me steady we ll never be ready woah oh oh oh oh  
Am F C  
When we don t know, though we can t see  
G  
just walk on down this road with me  
Am F C G  
hold me steady we ll never be ready woah oh oh oh oh

**C**  
you re ok here with me  
**G**  
here in the silence  
**Am**  
with all of the violence  
**F**  
crashing around  
**C**  
saying we can t go  
**G**  
saying we don t know  
**Am**  
this road that is narrow  
**F**  
is the one we should follow

**Am**  
Steady my hands this one could turn around  
**C** **G**  
steady my heart it s beating faster  
**Am**  
steady my hands this one could turn around  
**C** **G**  
steady my heart it s beating faster, beating faster now

**Am** **F** **C** **G**  
Hold me steady we ll never be ready
