My Mind Is An Echo Chamber
Mat McHugh

[Intro]
D#m   B   F#   C# (4x)

[Verse]
 D#m   B
See, I feel so lost without you
     F#   C#
Without you near to me
   D#m   B
See, I feel so cold without you
      F#   C#
Without you here to see
   D#m   B
This world keeps spinning round, it s
     F#   C#
It s orbit here in space
   D#m   B
And each time I look around, I
      F#   C#
I swear I see your face
   D#m   B F#   C#
I see your face...
     D#m   B   F#   C#
I swear I see your face, there

   D#m   B
And I know at times I ve tested
     F#   C#
Your patience, hurt your soul
   D#m   B
But never have I suggested
     F#   C#
We ever let this go
   D#m   B
Now I miss you more than you could
     F#   C#
Could ever realize
   D#m   B
And if I could take it back, I
     F#   C#
I promise you I d try

I d...

[Bridge]
       B

Tell you we could make it matter
      C#
Tell you we could make it good
      B
I ve got a heart that s made to shatter
      C#
Maybe that s the way it should
      B
And I know this world gets crazy
      C#
Well I lost all self-control
      B
Where are you to come to save me?
      C#
When I need you near to hold?

[Outro]
(**D#m B F# C#**)
Oh, my mind is an echo chamber...

Oh, my mind is an echo...
