Verse 2:

Everywhere someone's getting over,
Everybody's lied to someone,
People still use other people,
With a crooked smile,
All around the world,
There's a sinking feeling,
Out there right now,
Someone's feeling,
Down on themselves,
And don't know why.

Chorus:

G B Em C
But that's all that I need,

G B Em C
Someone else to cling to,

G B Em C
Someone I can lean on until,

Am D
I don't need to,

G B
Just stay all through the night,

Em C
And in the morning let me down,

G **B** **Em** **C** **C** **D**
