Fm   **Bbm**
If I fall along the way

pick me up and dust me off.

Fm   **Bbm**
and if I get too tired to make it

Eb   **G#**
be my breath so I can walk

Fm   **Bbm**
If I need some other love

Eb   **Fm**
give me more than I can stand

Fm   **Bbm**
and when my smile gets old and faded

Eb   **G#**
wait around I ll smile again

            Fm
shouldn t be so complicated

          Eb
just hold me and then

          G#
just hold me again

Chorus:

G#

can you help me I m bent

                          C#
I m so scared that I ll never

get put back together

G#
you re breaking me in

                          C#
and this is how we will end

        Eb   **C#**
with you and me bent

Verse:

Fm   **Bbm**
If I couldn t sleep could you sleep

Eb   **Fm**
could you paint me better off

Fm   **Bbm**
could you sympathize with my needs

Eb   **G#**
I know you think I need a lot

              Fm
I started out clean but I m jaded

          Eb
just phoning it in

              G#
just breaking the skin

Repeat Chorus
