

English Town
Matchbox Twenty

Hi! This is my first tab but noticed nobody else had done anything for this song so thought I'd get the ball rolling. It may not be 100% correct but it's how I choose to play it.

Song: English Town
Artist: Matchbox Twenty
Album: North
Email: dom_tuck@hotmail.co.uk

The song relies on three chords of Am, C and F only really changing on the solo should you choose to play it and the interlude.

Am **C** **F** **C**
Come inside
Am **C** **F** **C**
The air I breathe
Am **C** **F** **C**
While the band still plays
Am **C** **F** **C**
It's the end of the coldest week
Am **C** **F** **C**
Come down into the sea
Am **C** **F** **C**
Cause everybody wants to get away sometimes
Am **C** **F** **C**
And everybody needs mistakes

Am
When the sun breaks
C **F**
Over the edge of an English town
C
It pulls me away
Am
From a bad dream
C
I don't know why
F
But I know I'm not
C **Am**
Ever going back

Verse:

Am C F C
In the dark we can lose our sleep

Am C F C
We can both be kind

Am C F C
Cause I don t need the pulling apart of sheets

Am C F C
Just to know who you are

Am
When the sun breaks
C **F**
Over the edge of an English town
C
It pulls me away
Am
From a bad dream
C
I don t know why
F
But I know I m not
C **Am**
Ever going back

Am
When the sun breaks
C **F**
Over the edge of an English town
C
It pulls me away
Am
From a bad dream
C
I don t know why
F
But I know I m not

C **Am**
Ever going back

Am **C** **F**
la-la-la-la-la
