CAPO 2

C D Em
I want to make you sing, darlin
C D Em
I want to make you run
C D Em
I want to sew on wings, darlin
C D Em
And fly right over the sun

C D Em
There s a bustle in the wind, darlin
C D Em
There s a bustle in the road
C D Em
I want to tell you what I see, darlin
C D Em
When I look over to you

G D Em C
See I believe in everything
G D Em C
But sometimes life don t work that way
G D Em C
All the love, and all the waiting
G D Em C
I don t want to wait no more
G D Em C
I don t want to wait no more

C D Em
Some people want to bring the change, darlin
Some people want to be the one
I only want to see your face smilin
When all our livin is done

C D Em
Well everyone around us feel their heart is stomping
Crowding up the air with words they cannot know
They hate this world they ll hate this song, ya
So I won t ever belong
No I won t ever belong

G D Em C

Still I believe in everything
But sometimes life don t work that way
All the love, and all the waiting
I don t want to wait no more
I don t want to wait no more

C D Em
Is every conversation
C D Em
Gonna make you smile and hold your heart
C D Em
We ll take this life and make it dark
C D Em C D Em
Because it s hard enough to be the way you are

G D Em C
See I believe in everything
But sometimes life don t work that way
All the love, and all the waiting
I don t want to wait no more
I don t want to wait no more

Well I believe in everything
But sometimes life don t work that way
All the love, and all the waiting
I don t want to wait no more
I don t want to wait no more
