[Intro]

Em G D Em

[Verse 1]

Em **G**
just 3 miles, from the rest stop
D **Em**
And she slams on the breaks
Em **G**
She said I tried to be but I-m not
D **Em**
And could you please collect your things
D
Well I don-t wanna be cold, I don-t wanna be cruel
Em
But I gotta find more than what-s happened with you
C
So if you-d - open up the door

[Chorus]

G
She said - while you were sleeping
D
I was listening to the radio and wondering what you re dreaming
Em **D** **C**
when it came to mind that I didn-t care
G
So I thought - hell if it-s over
D
I had better end it quick or I could lose my nerve
Em **D** **A**
Are you listening - Can you hear me
C
Have you forgotten

[Verse 2]

Em **G**
Just 3 miles from the rest stop
D **Em**
And my mouth-s too dry to rage
Em **G**
The light was shining from the radio
D **Em**
I could barely see her face

D
But she knew all the words that I never had said
Em
She knew the crumbled up promise of this
C
broken down man - As I opened up my door

[Chorus]

G
She said - while you were sleeping
D
I was listening to the radio and wondering what you re dreaming
Em **D** **C**
when it came to mind that I didn-t care
G
So I thought - hell if it-s over
D
I had better end it quick or I could lose my nerve
Em **D** **A**
Are you listening - Can you hear me
C
Have you forgotten
