

## Stop Intro

### Matchbox Twenty

```
E -----|
B -----|
G -0---0---0-----|
D -----0---2-----|
A -----0-----|
E -----|
```

I know this is kinda lame, as it is only the intro. But it s an awesome song and i reccomend you listening to it and rocking out or whatever.

This song is off of Mad season, it is the second to last song on the CD. It has a lot stuff going on in it, and would be very hard to play with just a guitar. I submitted tab because i saw no other tabs for this song out there, and i know that this is correct  
So, enjoy
