

Nature And The Wreck
Mates of State

Capo 1

F **G**
Lying down I notice what you see
F **G**
below us Your arms are like the trees
F **G**
I know I haven t said enough
F **G**
I know we haven t said enough

Am **G** **Am** **G**
How I will protect and how each day matters

Am **G** **Am** **G**

F **G**
Spying shows your limbs caught in the rails
F **G**
These simple games will soon be growing tales
F **G**
And I know we haven t said enough
F **G**
I know I haven t said too much

Am **G** **Am** **G** **C**
How I will protect and how each day matters to me

Am **G** **Am** **G**

F **G**
Since the wreck, I know more what you need
F **G**
You need me to put you in the trees
F **G**
I know we haven t said enough
F **G** **C**
But I know I ve never loved this much
