

I Know What I Want
Math and Physics Club

Dm **G** **C** **Am**
Iâ€™m flattered you could work me into your story
Dm **G** **C** **Am**
But you should be more careful with your allegory
Dm **G** **C**
You think itâ€™s clever that I can read between the lines
Am
Baby, you still love me

Dm **G**
Now Iâ€™m back here at your door
Dm **G**
To apologize once more
Dm **G** **C** **Am**
We can end this pointless war

I never realized when we were together
I would be such a wreck without you forever
If you put down your poison pen
Then I promise to act like a gentleman

Now Iâ€™m back here at your door
To apologize once more
So we can end this pointless war

Dm **G**
How did you know me so well?
Dm **G**
You smile but you wonâ€™t ever tell

C
Itâ€™s you
F
I know what I want
C
Itâ€™s you
F
I know what I want
C
Itâ€™s you
F
I know what I want
C **Am** **F** **G**
Itâ€™s you
...

Well I hope it sense
With love the first timer
