

**Jimmy Had A Polaroid**  
**Math and Physics Club**

Verse: **E A E H**

Chorus: **E A H A**

Jimmy had a polaroid  
taken in the park when we were young  
Jimmy had a polaroid  
oh yeah.

We turn a million miles an hour  
till we fell to the ground  
watch the clouds spin around.

We move a million miles away  
said it would be okay  
which is something that we say.

Julie Hammer had a hi fi  
had a stack of records and some 45s  
Julie Hammer had a hi fi  
oh yeah.

And they turn a million an hour  
danced around to the sound  
and watched the room spin around.

We move a million miles away  
said it would be okay  
which is something that we say.

We turn a million miles an hour  
till we fell to the ground  
watch the clouds spin around.

We move a million miles away  
said it would be okay  
which is something that we say.

Jimmy had a polaroid  
taken in the park when we were young  
Jimmy had a polaroid  
oh yeah.
