So Gone Now - Matt Andersen

Standard Tuning

Intro: **G**

G

If I gave you a wish babe

B/G C

Would I be the thing that you'd change

G

Would you wish you never smiled babe

C

Would you wish you never asked for my name

D

When you pour all your heart

Em C

On that last falling star

G D G

Will that be the wish that you make

Do you ever think about babe

How right it felt, when it was good

How I'd shoot out the moon babe

Just to hold you in the dark if I could

How we'd stay up all night

Just to feel the sun rise

Do you ever think about it, babe

G

Cause it's been

C D G

So long now

C D G

Since I let you down

C D Em

And I don't know how

G D G

You are so gone now

Lately I've been talkin' babe

Talkin' to myself about you

Tryin' to figure out babe

All of those things, I didn't do

How I didn't even try

When we said our goodbyes

Lately I've been talkin' to me babe

Cause it's been

So long now
Since I let you down
And I donâ€™t know how
G D F C G
You are so gone now

F C G x3

Now Iâ€™m out on the road babe
With nothinâ€™ to do but pass time
I pull away from the towns babe
Like I did to you, and I leave them behind
And if I see you again
Itâ€™ll be just as friends
Thatâ€™s just how itâ€™s gotta be now babe

Cause its been
So long now
Since I let you down
And I donâ€™t know how
You are so gone now

But itâ€™s been
So long now
Since I let you down
And I donâ€™t know how
You are so gone now

Matt Andersen is an amazing musician and I hope that this tab works out for you
