You can be the wind

A B

The waters rising

C#m

Storms rollinâ€™ inâ€™

Oh my angeline

You mean the world to me

Just hold on me babe

Pull your body close to me

Its getting colder outside

Storms rollinâ€™ inâ€™

For 15 years

Weâ€™ve stood against it all

Through sleepless nights

With our backs to the wall

But this is our last stand together

Storms rollinâ€™ inâ€™

Close you eyes

And drift off to sleep

Donâ€™t worry about the storm

Donâ€™t think about me

And I can see the waves are coming

Storms rollinâ€™ inâ€™

We build it up

The levee breaks again

Iâ€™ll be the waves

You can be the wind

The waters rising
