Tell Me - Matt Andersen
From the â€˜Something In Betweenâ€™ Album
Standard Tuning

G#
Where have you been going
G#
When you stay out all night long
C#
Where have you been going
        G#
When you stay out all night long
     Eb
Are you out there misbehavinâ€™
      C#
Are you out there doinâ€™ wrong

Who have you been lovinâ€™
Cause you sure ainâ€™t lovinâ€™ me
Who have you been lovinâ€™
Cause you sure ainâ€™t lovinâ€™ me
Iâ€™ve got all the love you need
Are you just too blind to see

When did we go wrong
Did it even get that bad
When did we go wrong
And did it even get that bad
For you to take off running
Give up everything we had

Why donâ€™t I feel sad
After what you put me through
Why donâ€™t I feel sad
After what you put me through
Now I can see
Iâ€™m better without you

What you gonna do
Now that I left you alone
What you gonna do
Now that i left you alone
Donâ€™t bother to come knockinâ€™
Iâ€™ll already be long gone
