Tell Me - Matt Andersen

From the "Something In Between" Album

Standard Tuning

A

Where have you been going

A

When you stay out all night long

D

Where have you been going

A

When you stay out all night long

E

Are you out there misbehavin'™

D

Are you out there doin'™ wrong

Who have you been lovin'™

Cause you sure ain'™t lovin'™ me

Who have you been lovin'™

Cause you sure ain'™t lovin'™ me

I'™ve got all the love you need

Are you just too blind to see

When did we go wrong

Did it even get that bad

When did we go wrong

And did it even get that bad

For you to take off running

Give up everything we had

Why don'™t I feel sad

After what you put me through

Why don'™t I feel sad

After what you put me through

Now I can see

I'™m better without you

What you gonna do

Now that I left you alone

What you gonna do

Now that i left you alone

Don'™t bother to come knockin'™

I'™ll already be long gone
