Resolution - Matt Corby

[Verse]

G **Em** **C**
I m giving up, this whole lie is on me
G **Em** **C**
Call it out like a family
Em **D** **C**
Instead I bide my time, get it right
G
Until the rubble leaves the road

G **Em** **C**
You said don t lie so I made the truth
G **Em** **C**
Seemed like a lie to even you
Em **D** **C**
Control your fear, its clear
G
That you do not know where you re going to

[Chorus]

C
So don t you worry
Em **D** **C**
You ll be my resolution
Em **D** **C**
Characters of no illusion
Em **D** **G**
You will be my resolution

[Verse]

G **Em** **C**
One month down and it s in sight
G **Em** **C**
Oh I m guaranteed to lose my mind
Em **D** **C**
It s dangerous to speak and sigh
G **Em** **C**
You might know what I m trying to hide

G **Em** **C**

From the cradle to quarter age

G **Em** **C**

Oh I bought the book but didn't flip the page

Em **D** **C**

Readiness is near we steer

G

Far away from the coming of days

[Chorus]

C

So don't you worry

Em **D** **C**

You'll be my resolution

Em **D** **C**

Characters of no illusion

Em **D** **C**

You will be my resolution

Em **D** **C**

Characters of no illusion

Em **D** **G**

You will be my resolution

G...

[Outro]

G **Em** **C**

Turn around put it down and see

G **Em** **C**

That this is really the place to be

Em **D** **C**

I'm not you, nor you me

G

But we're both moving steady
