Long Wait Matt Costa

Matt plays it with no capo, but the tuning is different. These are the chords as best as

could tell as they were played on the KCRW session from 5/14/08 (seen here: http://www.kcrw.com/music/programs/mb/mb080514matt_costa).

G B7 Em

There s just one thing, There s just one thing

G B7

That ll torture your soul

Em

The grass ll stain your clothes

Am B7 Em

Til a bleeding heart hands you a rose

It s a long, long wait,
It s a long long wait
Four-letter words
Can cause you so much pain
It s a long, long wait

Bom, bom, bom, etc.

${\tt Bm}$

They re coming soon to take you away

Em

But you can t wait another day

Вm

The loneliest and lonelier

Well, he ll get his and she ll get hers

How long must I wait?

How long must I wait?

The good s all gone bad

The villain stole a hen

And you hide in corners begging for a chance

There s just one thing,

There s just one thing

That ll torture your soul

The grass ll stain your clothes

Til a bleeding heart hands you a rose

Til a bleeding heart hands you a rose

Til a bleeding heart hands you a rose
