

Miss Magnolia

Matt Costa

All the tabs for this song so far have just been wrong.

It s an easy song, for the most part. Just basically two chords back and forth.

Intro, verse, chorus: **G D**

The musical interlude, however, adds a third chord, which is NOT **C**, but **Gm**.

So underneath the harmonica: **Gm G D G**

The chords, played on a mandolin, would look like this:

(strings: **E-A-D-G**)

G: 3-2-0-0

D: 2-0-0-2

Gm: 3-1-0-0

On guitar, chords are just normal.
