

Ophelia
Matt Costa

Fell in love with this song recently and noticed there was no tabs available so after watching some YouTube vids and listing to the song a million times this is what I have come up with....

Ophelia - Matt Costa

G
Strangers crash into the night
C **G**
This train s headed for you babe
Am **C**
One last song plays on the radio
Am **G**
The sun burns the night away
G **Am** **C** **G**
In the morning I only wanna see Ophelia s face

G **C** **G**
I m not asking to keep you more or longer than you wanna stay
Am **C** **Am**
G
The night was like a deck of cards, you hit me with the ace of clubs
G **Am** **C** **G**
I m placing all my bets begging you to deal some love

G **Am** **C** **Am** **G**
Oooooophelia coooooooooome oooooooooo ooon

G
Rows and rows of corn grow high
C
Over the tall grass we could hide
Am **C**
Honest pages of an open book
Am **G**
We tangled up between the lines
G **Am** **C** **G**
That s where you ll find me, dying to fill your empty time

G **Am** **C** **Am** **G**
Oooooophelia coooooooooome oooooooooo ooon

G

I ll bring you gems from faraway lands

C

Or Italian leather shoes

Am **C**

You re the finest thing I ve ever seen

Am **G**

Like fire melts ice, it s true

G **Am** **C** **G**

Ophelia, can I spend the night with you?

G **Am** **C** **Am** **G**

Oooooophelia coooooooooome oooooooooo ooon
