Not a clue, where I`m going
 G **D**
But going all out for you

A
Tomorrow`s not promised
 Bm **G**
What the wise man used to say
 D **A** **Bm** **G**
So let`s seize each day

Bm **A** **D**
No ties, we`re just happy-go-lucky Pre-chorus
 G
Don`t you blow the surprise
Bm **A** **G**
So nice, like I told you
When I hold you

Chorus

D
It`s like falling in love for the first time
A
It`s like waking up fresh in the sunshine
Bm
Like having nothing to lose
 A
Baby you`re good news, you`re good news
It`s like dancing all night `til the light`s gone
It`s like singing along to your favourite song
It never gets old with you
Baby you`re good news, you`re good news!

You can come as you like (Like 1st verse)
As you want to
Love's revolving door
Let it spin, let me want you
I want you to come back for more
Now easily we could be madly in lust for life
But baby why ask why?

No ties, we're just happy-go-lucky (Like 1st pre-chorus)
Don't you blow the surprise
So nice, like I told you
When I hold you

It's like falling in love for the first time
It's like waking up fresh in the sunshine
Like having nothing to lose
Baby you're good news, you're good news
It's like dancing all night 'til the light's gone
It's like singing along to your favourite song
It never gets old with you

G **A** **D**

Baby you're good news, you're good news!

A **Bm**

Now if you love something you've got to let it go
G **A**
If it comes back it's yours, and it means that much more
