G# **Eb**
But going all out for you
Bb
Tomorrow`s not promised
Cm **G#**
What the wise man used to say
Eb **Bb** **Cm** **G#**
So let`s seize each day

Cm **Bb** **Eb**
No ties, we`re just happy-go-lucky Pre-chorus
G#
Don`t you blow the surprise
Cm **Bb** **G#**
So nice, like I told you
When I hold you

Chorus

Eb
It`s like falling in love for the first time
Bb
It`s like waking up fresh in the sunshine
Cm
Like having nothing to lose
G# **Bb**
Baby you`re good news, you`re good news
It`s like dancing all night `til the light`s gone
It`s like singing along to your favourite song
It never gets old with you
Baby you`re good news, you`re good news!

You can come as you like (Like 1st verse)
As you want to
Love`s revolving door
Let it spin, let me want you
I want you to come back for more
Now easily we could be madly in lust for life
But baby why ask why?

No ties, we`re just happy-go-lucky (Like 1st pre-chorus)
Don`t you blow the surprise
So nice, like I told you
When I hold you

It`s like falling in love for the first time
It`s like waking up fresh in the sunshine
Like having nothing to lose
Baby you`re good news, you`re good news
It`s like dancing all night `til the light`s gone
It`s like singing along to your favourite song
It never gets old with you

G# **Bb** **Eb**
Baby you`re good news, you`re good news!

Bb **Cm**
Now if you love something you`ve got to let it go
G# **Bb**
If it comes back it`s yours, and it means that much more
