**E** **B**  
I`m here, It`s clear  
**C#m**  
I`m in the moment  
**A** **E**  
Back with a better view 1 Verse  
**B** **C#m**  
Not a clue, where I`m going  
**A** **E**  
But going all out for you  
**B**  
Tomorrow`s not promised  
**C#m** **A**  
What the wise man used to say  
**E** **B** **C#m** **A**  
So let`s seize each day

**C#m** **B** **E**  
No ties, we`re just happy-go-lucky Pre-chorus  
**A**  
Don`t you blow the surprise  
**C#m** **B** **A**  
So nice, like I told you  
When I hold you

Chorus

**E**  
It`s like falling in love for the first time  
**B**  
It`s like waking up fresh in the sunshine  
**C#m**  
Like having nothing to lose  
**A** **B**  
Baby you`re good news, you`re good news  
It`s like dancing all night `til the light`s gone  
It`s like singing along to your favourite song  
It never gets old with you  
Baby you`re good news, you`re good news!

You can come as you like (Like 1st verse)  
As you want to  
Love`s revolving door  
Let it spin, let me want you  
I want you to come back for more  
Now easily we could be madly in lust for life  
But baby why ask why?

No ties, we`re just happy-go-lucky (Like 1st pre-chorus)  
Don`t you blow the surprise  
So nice, like I told you  
When I hold you

It`s like falling in love for the first time  
It`s like waking up fresh in the sunshine  
Like having nothing to lose  
Baby you`re good news, you`re good news  
It`s like dancing all night `til the light`s gone  
It`s like singing along to your favourite song  
It never gets old with you

**A** **B** **E**  
Baby you`re good news, you`re good news!

**B** **C#m**  
Now if you love something you`ve got to let it go  
**A** **B**  
If it comes back it`s yours, and it means that much more
