C# **Bbm**
Oh, every silhouetted skyline
C# **Bbm**
And constellations in these city lights,
C# **Bbm**
They re passing in and out of my mind,
F# **Ebm** **C#**
And I m trying so hard not to fall.
C# **Bbm**
And it s the same old situation,
C# **Bbm**
The same red blood is flowing through us all.
C# **Bbm**
I hear the groaning of creation,
F# **Ebm** **C#**
And we re trapped up against this wall.

CHORUS

F# **G#7** **C#**
Oh, what a tangled web we weave
Ebm **F#**
Of power lines and city streets.
Ebm **F#**
So blow, wind, blow
C# **Bbm**
Go on and carry us home.
Ebm **F#**
We all just want to see,
C#
We want to see.

C# **Bbm**
We re always waiting on a landslide
C# **Bbm**
To bury us or set us free.
C# **Bbm**
And now my words aren t coming out right
F# **Ebm** **F#** **C#**

Ebm **F#**

Blow, wind, blow

C# **Bbm**

Go on and carry us home.

F# **Ebm** **F#**

We all just want to see.

C#

We want to see.
