Same chords:

The books I won t read
the air that I ll breath
The colors I ve seen
I ll leave these pages in the trees

Today
Leave good for great
Leave sleep for late
Leave good for great
Leave sleep for late
Leave good for great
Leave sleep for late
Leave good

So many books that I didn t read
But there s so much air I chose to breathe
How about the colors that I ve seen
So I ll leave these pages in the trees

I don t sit alone
or pick up my phone
One day we ll say
All that we had
The beaten path
Is beaten fast
I m practicing hooks and jabs

I traced a few lines
Misread all the signs

Slipped many times
My bloods still red
And I m just fine

Today
Leave good for great
Leave sleep for late
Leave good for great

So many books that I didn t read
But there s so much air i chose to breathe
How about the colors that I ve seen
So I ll leave these pages in the trees

C G
We sing along

Em G D
But the notes are wrong

C G
We sing along

Em G D
Through night and dawn

Repeat to end!
