Same chords:

The books I won t read the air that I ll breath The colors I ve seen I ll leave these pages in the trees

Today

Leave good for great

Leave sleep for late

Leave good for great

Leave sleep for late

Leave good for great

Leave sleep for late

Leave good

So many books that I didn t read
But there s so much air I chose to breathe
How about the colors that I ve seen
So I ll leave these pages in the trees

I don t sit alone
or pick up my phone
One day we ll say
All that we had
The beaten path
Is beaten fast
I m practicing hooks and jabs

I traced a few lines Misread all the signs Slipped many times My bloods still red And I m just fine

Today
Leave good for great
Leave sleep for late
Leave good for great

So many books that I didn t read
But there s so much air i chose to breathe
How about the colors that I ve seen
So I ll leave these pages in the trees

C G
