

Lessons Learned

Matt & Kim

Same chords used throughout the song : **A, D, Bm, E**

A

Tape holds things that cannot stick
and keep leftovers in the fridge

D

while lessons learned go down the drain
I cant believe everything

Bm

All the bad names gone

E

And the good ones were all wrong

A

And so I stayed up all night

D

Slept in all day

Bm

This is my sound

E

Thinking about tomorrow wont change how I feel today

Never let your mark erase
cause broken legs can be replaced
two steps to the finish line
three sips till I finish mine
a straw will always suck it out
close your eyes and use your mouth
And tell me about your song

And so I stayed up night
Slept in all day
This is my sound
Thinking about tomorrow wont change how
I feel today
