## Turn This Boat Around Matt & Kim

I'm glad we didn't stay

I m pretty sure these are the chords. Sounds pretty decent in Barre or Cowboy. me know if anything s wrong, or if there s anyway I can improve, thanks. :) Please direct my call Like strings and cans through halls I made some out of lead and I tried them out in bed Couldn't make it through the walls Am Turn this boat around We're starting to go down But it begins to rain You forgot how dark it stains Thought it was a drought Am La la leave it all behind Am G La la la see the fight Am G C La la la make the best of it G La la la and goodnight G Αm Left turn look both ways Take breaks on cloudy days With miles and miles of roads How'd you know which ones have holes

Am G C La la la leave it all behind С La la la see the fight F La la la until the end Am G C

La la la and goodnight
