## Turn Around Matt Maher Verse: Em-C-G Pre-Chorus: Em-D-G-D Chorus: Em-C-G Young man on the side of the road Lost and beat up with nowhere to go Smells like a hangover from days ago He does what he can to survive Single mom with a dead end job Ninety hour week just to keep what she s got With the bills that add up and now she s caught She does what she can to survive Well, let me say That love won t take away the pain .........Em D G But don t be afraid Cause it will never walk away [Chorus] If you re scared that you don t matter If you re lost and need to be found If you re looking for a Savior All you gotta do is turn around Some turn to a bottle Some turn to a drug Some turn to another s arms But it seems like it s never enough Well I won t say, that you will never fail again But there is grace To wash away your every sin [Chorus]

If you re scared that you don t matter If you re lost and need to be found

If you re looking for a Savior
All you gotta do is turn around
No one listens to you anymore
And your heart has broken down
You don t need to move
Love has come to you
All you gotta do is turn around
All you gotta do is turn around
Turn around
You don t have to take the broken road
You can turn around and come back home
