I want to watch you glow

Em F G

Let your hair down, all around, and cover us both

C

You come in waves,

Am

Em

you surround me, pull me,

F G

drown me and swallow me whole

C

You pull me in close,

Am

You buckle my knees,

Em F G

I shake and I shiver just to feel you breathe

You trace my lines

Am

Stir in my soul

Em F G

Shoot sparks at the heart of the world and I watch it explode
