

Nobody Gives A Damn
Matt Pryor

This is a great song, and very simple.

Standard tuning - Capo on 2nd Fret.

Verse:

C **F** **G**
Don t have to say it, we re aware what you re thinkin

C **F** **G**
We all take it with a salt when you re drinkin

Am **F**
I m just saying with a sober face,

C **G**
Won t be a less appropriate place.

C **F** **G**
Would you mind telling me the story, but faster?

C **F** **G**
We re all painfully aware he s a bastard.

Am **F**
you keep walking in a crooked line,

C **G**
Back around to him each time

Chorus:

Am **C** **F** **C**
Two lovers sail, Doomed to fail.

Am **C**
Just keep swimmin and swimmin til

F **C**
Nobody gives a damn.

Verse:

C **F** **G**

You keep speakin and I try not to listen,

C **F** **G**
The same mouth that will curse him will kiss him.

Am **F**
The last thing anybody wants to see

C **G**
Is all your pain and suffering.

C **F** **G**
I m just guessing that no matter how driven

C **F** **G**
in the morning this will all be forgiven

Am **F**
He ll keep taking off his wedding ring,

C **G**
His talkin doesn t change a thing.

Chorus:

Am **C** **F** **C**
Two lovers sail, doomed to fail.

Am **C**
Just keep swimmin and swimmin til

F **C**
Nobody gives a damn.
