Pure Light
Matt Redman

//Verse 1
```
      D                   A/C#
O, to see You as You are
                 Am/C          G/B
To glimpse the wonders yet unseen
       Gm/Bb             D/A
Assist my sight, unveil my eyes
   E7/G#    G
To see You
        D                   A/C#
Lord, to know You as You are
        Am/C          G/B
To even dare to speak or stand
             Gm/Bb               D/A
Though marked beloved, to fall as dead
      E7/G#    G
When I see You
```

//Chorus
```
        Bm7      F#m7      G
As through grace untold to see You
        Bm7      F#m7       G
With this heart unveiled to know You

//Verse 2
```
            D               A/C#
How great the glory of Your Name
             Am/C          G/B
How small the voice I humbly bring
         Gm/Bb         D/A
Yet with my all I raise a song
     E7/G#    G
When I see You
         D                   A/C#
It is the song of love's pure light
         Am/C          G/B
The grace reflected in these eyes
      Gm/Bb             D/A
The overflow of those who know
         E7/G#    G
They have seen You
```

//Bridge
```
        C                     G/B
We were disgraced, but You graced us
        Gm/Bb              D
With the warmth of Your forgiveness
        C              G/B
Now You lead us ever closer
       Gm/Bb               Asus       A
To the pure light of Your holiness
```

//Chorus

//Chorus 2
