

Find My Way
Matt Thien

Tuned one whole step down to D (not drop D, but 1 whole step down from normal E tuning)

VERSE 1:

C#m Bsus **A**
I lie awake and wonder why
C#m Bsus **A**
You put me here to live this life
C#m **Bsus**
All my hours turn to days
A
And all my sunny skies they go gray
C#m Bsus **A**
Iâ€™m crying out let the darkness fade

CHORUS:

E **Bm** **A**
But somewhere in the distance I see a light
Am
And somehow in my loneliness
E **Bm** **F#m** **A**
Iâ€™ll find my way through it all

VERSE 2:

C#m Bsus **A**
Iâ€™m so tired of pleasing everyone but you
C#m Bsus **A**
Your heart must break when I do what I do
C#m **Bsus**
Thereâ€™s not enough tears that fall down
A **Am**
To pull me up so Iâ€™ll just drown
C#m Bsus **A**
Iâ€™m crying out let the darkness fade
Bsus
Let it fade away

CHORUS:

E **Bm** **A**
But somewhere in the distance I see a light

Am

And somehow in my loneliness

E **Bm** **F#m** **A**

Iâ€™ll find my way through it all

E **Bm**

Like a pinhole of light

A

Am

Thereâ€™s hope that Iâ€™ll find

Find my way through it all
