```
I don t get why there s only one tab for Matt Webb s songs but anyways...
***CAPO ON 1ST FRET***
Verse 1:
С
                                  Am
                G
 I m looking at you on deck for a landslide
All skyline blue and car crash white
 Long moved away from where I should be
 Still struggle deep into the night
Pre-Chorus:
Hear an impact sound
A dirty ballpark ground
 I can let this bruise
 I can hate the news
Chorus:
 In the middle of your bloodshot eyes
 I see you long for the summer
When all the time in the world was yours
 And the rest never mattered
I can see through the middle of your sorry eyes
 That always change their colour,
 That saying goodbye don t mean what it used to
 Stuck beneath a landslide
```

The chords are pretty straight forward... strumming pattern should be easy to

```
G
                          Αm
 In your hands I see your lifeline
Twist and turn, you re rough alright
Tip toeing back to where I should be
 I struggle deep into the night
Pre-Chorus:
Hear an impact sound
Don t turn around
 I can let this bruise
 I can hate the news
Chorus:
In the middle of your bloodshot eyes
 I see you long for the summer
When all the time in the world was yours
And the rest never mattered
I can see through the middle of your sorry eyes
 That always change their colour,
That saying goodbye don t mean what it used to
 Stuck beneath a landslide
Instrumental/Bridge:
Am- G- F- G
          Stuck beneath a landslide
Am- G- F- G
          Stuck beneath a landslide
In the middle of your bloodshot eyes

```

Verse 2:

F

```
Hear an impact sound
Chorus:
 In the middle of your bloodshot eyes
 I see you long for the summer
When all the time in the world was yours
And the rest never mattered
I can see through the middle of your sorry eyes
 That always change their colour,
 That saying goodbye don t mean what it used to
 Stuck beneath a landslide
Chorus:
 In the middle of your bloodshot eyes
 I see you long for the summer
When all the time in the world was yours
 And the rest never mattered
I can see through the middle of your sorry eyes
 That always change their colour,
 That saying goodbye don t mean what it used to
 Stuck beneath a landslide
That s about it... I give credit to my friend Celine who was too lazy to make a
tab on here...
Also, Kassy totally screwed up the chords the first time. Sorry about that.
