G C  
It s been 10 months since July 7  
G C  
You closed the door, I left it open  
G C D  
Holding out for what might be someday

G C  
So you lingered, I took you with me  
G C  
Throught the country, every city  
G C D  
Thinking I d be better off this way

G C  
I don t wanna get over you  
G  
I ve tried it 1000 times  
D  
It don t matter what I do

G C  
So bittersweet I still remember  
G C  
Every part of your phone number  
G C D  
Tempted, you re just 10 digits away

G C  
I ve gotta tell you, go down firing  
G C  
Leave the darkness, cease the striving  
G C D  
Knowing that I ll never be the same

I guess I don't wanna get over you

**G**
