Introdução: **G#9 C#9** 3x

**(G#9 C#9)**

Some days  
I so bright I wish that I could save  
Half the sunlight for a rainy day  
So when it rains, I have some sun

**(G#9 C#9)**

Some days  
I m so green I wish that I could keep  
Half that color stored in me down deep  
So when it s brown I have some green

**(G#9 C#9 Bbm Eb9)**

It s already getting better  
You will never leave me  
It s already getting better  
You will never leave me

**(G#9 C#9)**

Some days  
I m so close to you that I can t feel  
A sweet song singing to me in my ears  
Some days I just don t want it to end

**(G#9 C#9)**

And some days  
The words come crawling out and cover your face  
Need some hooks so I can slip some way  
Without standing here alone

**(G#9 C#9 Bbm Eb9)**

It s already getting better  
You will never leave me  
It s already getting better  
You will never leave me

**(Cm Bbm G#9 C#9)**

Cause good things come and good things go  
Feeling all these feelings, I m feeling so  
I can t explain the join I feel on some days  
Oh, some days

**(G#9 C#9 Bbm Eb9)**

Already getting better  
You will never leave me (some days)  
Already getting better  
You will never leave me
