Chords

(799xxx)

(577xxx)

(355xxx)

I m pretty sure the intro/verse are right. Listen to the song to get the chord progression down. It s only those 3 chords and the strumming isn t difficult to pick up on.

I searched the internet for over a month trying to find this tab and finally just got sick of it and tried to figure it out myself. This is my first tab, so email me at * with any suggestions or edits. Have fun!
