Tell me what you think, tell me what you feel
C **G** **F**
Is this thing a fake, or is it for real
C **G** **F**
Is it what you hoped for, what you dreamed
C **G** **F**
Is it something strange, that you never seen

F **G** **Am**
Does it lift you up, closer to the light
F **G** **Am**
Does it send you raging into the night
F **G** **Am**
Where did it begin, will it ever end
F **G** **Am**
Where the sun sets and the river bends
