(**Bb Eb Cm F Bb**)

Watched it all go by

Was it really true

Is that what it was?

Was that really you?

I m looking back again

Tracing back the threads

You said i was a mess

Or was it just in my head

So, help me decide

Help me to make up

Make up my mind

Wouldn t that save you

Wouldn t that save you

Wouldn t that save you

(2x)

Something s gotta break  
You gotta swing the bat  
Too many years of dying  
Why is that?

So, help me decide  
Help me to make up  
Make up my mind  
Wouldn t that save you  
Wouldn t that save you  
Wouldn t that save you  
(3x)
