

Waiting On The Light To Change
Matthew Perryman Jones

E A E
Put your defense down

E A E
Open up your heart and lay all of it out

E A E
I know how hard it sounds

E A E
but loneliness will have it s way in feeding your doubts

A
I m waiting on the light

E
waiting on the light to change

A
I m chasing out the lies

chasing out the lies

E F#m
that keep you caged

A B E
I m waiting, waiting on the light to change

E A E
No matter what s inside

A
There is nothing you can say

E
to cause me to hide

E A E
You know I m broken too

A
I ve fallen far, I lost my faith

E
been found and made new

A
I m waiting on the light

E
waiting on the light to change

A
I m chasing out the lies

chasing out the lies

E F#m
that keep you caged

A B E
I m waiting, waiting on the light to change

A **E**
Oh, love won't let you go

A **B**
It bends and reaches low

E
Just let go

A
I'm waiting on the light

E
waiting on the light to change

A
I'm chasing out the lies

chasing out the lies

E **F#m**
that keep you caged

A **B** **E**
I'm waiting, waiting on the light to change
