Found on Altered Beast LP (1993)

Transcription arranged by Jason Robinson (SporkGD@* or *
for questions or comments)

This is one of the best tunes on Altered Beast(at least in my opinion). It just is powerful and gritty, so if you heard it live, you know that distortion is heavily used. Like most of the songs on Altered Beast, this song uses rhythm guitar and Richard Llyod backing up with the squeals and lead alongside. If I ever get the lead part singled out, I ll add on. But the song s fairly simple...
