**C** **C/B** **Am**  
So you re looking for a way to set the seasons  
Hoping for a chance to do it over  
And even thought you say that it s all over  
Even if I know you ll never know me  
**Am7/G** **D** **G**  
I already tried to stop the clock and turn back time  
It s already clear to me I shouldn t even try (Chorus1)  
You are still around to hear the words as they go by  
I still understand that there s a difference if I lie (Chorus2)

Chorus

**C** **F** **Em** **Am** **Am7/G**  
Don t you have to wonder, what life has in store for  
Don t you have to wonder, what life has in store for  
**F** **G** **F**  
Tomorrow you ll be, for tomorrow you ll be [**C**] free  
Tomorrow you ll be, for tomorrow you ll [**G**] be, For [**F**] tomorrow you ll be  
[Am] free (Bridge / End)

Bridge - End

**Am7/G** **F**  
You re not alone without a name  
**Em** **Am** **F** **G**  
But you re alone if you can t, feel the others pain , such a shame
