

**Pure Joy**

**Matthew Ward**

capo on 1st fret, key of C#)

**C#**

Thought I was falling into a d-e-e-p depression  
Thinking all the mystery was all gone  
Like I was falling into the deep of a grand canyon

From the side of a mountain I was hanging on

**F#**

But now Iâ€™m coming up for air

**Fm**

I see my angel on the sand

**F#**

Sheâ€™s running out to meet me

**G#7**

In the waves of the of the Rio Grande

**C#**

And itâ€™s joy, honey, pure joy ah ahah

**C#**

Pure joy just to see you again

**C#**

Thought my heart was in a r-u-t of recession  
All the colors I had seen had faded into the black  
Like I was falling fast to the bottom of the ocean

And just my luck my hands were all chained up behind my back

**F#**

But now Iâ€™m coming up for air

**Fm**

I see my angel on the sand

**F#**

Sheâ€™s running out to meet me

**G#7**

To save me again

**C#**

And itâ€™s joy, honey, pure joy

**C#**

Pure joy just to see you again

**F#**

**Fm**

And itâ€™s joy, honey, pure joy

**F#**

**G#7 F7**

To see the sun coming down through the mist

**F#** **Fm**

Yeah it's joy, honey, pure joy

**F#** **G#7** **C#**

To feel the medicine of oxygen fill up my lungs again

(break)

**C#** **F#** **Fm**

And it's joy, honey, pure joy

**F#** **G#7**

To feel the strength of your kiss against my lips

**F#** **Fm**

Yeah it's joy, honey pure joy

**F#** **G#7**

Ain't no other way to say what this feeling is

**F#**

Pure joy

**G#**

Pure joy

**Fm**

Pure joy
