

Pure Joy

Matthew Ward

capo on 1st fret, key of C#)

D

Thought I was falling into a d-e-e-p depression
Thinking all the mystery was all gone
Like I was falling into the deep of a grand canyon

From the side of a mountain I was hanging on

G

But now Iâ€™m coming up for air

F#m

I see my angel on the sand

G

Sheâ€™s running out to meet me

In the waves of the of the Rio Grande

D

And itâ€™s joy, honey, pure joy ah ahah

D

Pure joy just to see you again

Thought my heart was in a r-u-t of recession
All the colors I had seen had faded into the black

And just my luck my hands were all chained up behind my back

I see my angel on the sand
