Good Adam Eve Matthew West

Verse 1 If I could, I d rewrite history I d choose differently If I could, I would. I d leave out the part Where I broke Your heart In the garden s shade Αm Fix the mess I made If I could I would Am If I could Close my eyes and then Dance around again Em If I could, I would Be who You adored Why did I need more? When beauty was not trained Αm To hide behind my shame If I could, I would. Chorus Can You hear us cry? Wishing we could turn back time To feel Your breath when branches move Take one more sunset walk with You Must each tomorrow hold F:m Such brokenness untold? Can t imagine how You could See all of me and say it s good Verse 2 If I could Hold one memory It would surely be How You walked with us I d go back in time

Untell my first lie And let Love s injury

Heal in spite of me
