B string
A string
Em
         D
             G C
Ooh ooh ooh..... ( 2x )
Verse 1
Sleep now under my skin
         G
                D
                            C
Make sure you'll try to
Conjure the wind
       G
                           С
                 D
And ease my mind
         D
              G
Em
Ooh ooh ooh..... ( 2x )
Chorus
Somebody call out to your brother
He's calling out your name
 G
                D
Ooh ooh ooh
   C
Hiding under the covers
With no one else to blame
  G
                D
Ooh ooh ooh
You couldn't help out your own neighbor
You couldn't tell it to his face
                                                  Em
You were fucked up by the blame
Repeat the chords and finger picking for the second verse :)
