[Verse 1]

Am **F**
I can't always understand it
C **G**
I don't know why you brought me here
Am **F**
Is there redemption in this valley
C
Cause everything's unclear
G
And I'm surrounded by my fear

[Chorus]

F **C**
I can't move this mountain on my own

But You can
Am **G**
Even when I'm knocked down in the storm

You stand
Am
And when I cannot carry on
C **F**
You will carry me
F Am G
Cause You can
F Am G
Yes, You can

[Verse 2]

Am **F**
My lack of faith, it just keeps saying
C **G**
That hope is something I can lose
Am **F**
But there is not one situation
C
That's impossible for You
G
I know You will bring me through

[Chorus]

F **C**

I can t move this mountain on my own

But You can

Am **G**
Even when I m knocked down in the storm

You stand

Am
And when I cannot carry on

C **F**
You will carry me

F Am G

Cause You can

F Am G

[Bridge]

F **Am** **G**
I am weak but You are strong

F **Am** **G**

I can t move this mountain on my own

But You can
