Maura O'Connell

[Verse]

I wish I could fall in love  
                          **Dm F G**  
Though it only leads to trouble, oh I know it does  
                          **C F**  
Still I'd fool myself and gladly just to feel I was  
                          **Dm G**  
                          **Am G C**  
In love, in love

[Verse]

I wish I could feel my heartbeat rise  
                          **Dm F G**  
And gaze into some gentle warm excited eyes  
                          **C F**  
And give myself as truly as an arrow flies  
                          **Dm G**  
                          **Am G C**  
In windless skies

[Chorus]

Oh, I remember you in the TV light  
                          **Am D G**  
Holding you close to me where we lay  
                          **F C G**  
And now I wish I knew some of those softer nights  
                          **Am D G**  
                          **F C F G**  
Whispering quietly, feeling you turn to me

[Verse]

Only last night in the winter dark  
                          **Dm F G**  
I dreamed of how you loved in all your innocence  
                          **C F**  
And I've never known a softer warmer feeling since  
                          **Dm G**  
                          **Am G C**  
Or a truer heart

[Verse]

Maybe these dreams are leading me  
                          **Dm F G**  
Maybe love is not as gentle as my memory  
                          **C F**  
Maybe time and wishful half-remembered fantasies  
                          **Dm G**

**Am G C**

Are the greatest part

[Chorus]

**Am D G**

I remember you in the TV light

**F C G**

Holding you close to me where we lay

**Am D G**

And now I wish I knew some of those softer nights

**F C F G**

Whispering quietly, feeling you turn to me

[Verse]

**Dm F G**

I Wish I could feel my heartbeat rise

**C F**

And gaze into some gentle warm excited eyes

**Dm G**

And give myself as truly as an arrow flies

**Am G C**

In windless skies

[Verse]

**Dm F G**

I wish I could fall in love

**C F**

Though it only leads to trouble, oh I know it does

**Dm G**

Still I'd fool myself and gladly just to feel I was

**Am G C**

In love, in love

**Dm F G**

I wish I could fall in love
