

## Crazy Love

Maura O'Connell

[Intro]

C Em F C

[Verse]

I can hear his heartbeat, from a thousand miles  
And the heavens open, every time he smiles  
And when he comes to me, that's where I belong  
And I'm running to him, like a river's song

[Chorus]

He gives me love, love, love, love, crazy love  
He gives me love, love, love, love, crazy love

[Verse]

He has a fine sense of humour when I'm feeling low down  
And when he comes to me when the sun goes down  
He takes away my trouble, takes away my grief  
He takes away my heartache, in the night like a thief

[Chorus]

He gives me love, love, love, love, crazy love  
He gives me love, love, love, love, crazy love

[Bridge]

And I need him in the morning  
And I need him in the night  
And I want to throw my arms around him  
And kiss him and hug him  
Kiss him and hug him

Kiss him and hug him tight

[Verse]

**Em**                                  **F**                  **C**  
And when I m returning from so far away  
                  **Em**                                  **F**                                  **C**  
He gives me sweet, sweet love, he brightens up my day  
                  **Em**                                  **F**                                  **C**  
And it makes me righteous and it makes me whole  
                  **Em**                  **F**                                  **C**  
Oh, it makes me mellow down to my soul

[Chorus]

**C**          **G**          **Am**          **G**          **F**          **G**  
He gives me love, love, love, love, crazy love  
                  **C**          **G**          **Am**          **G**          **F**          **C**  
He gives me love, love, love, love, crazy love

[Chorus]

**C**          **G**          **Am**          **G**          **F**          **G**  
He gives me love, love, love, love, crazy love  
                  **C**          **G**          **Am**          **G**          **F**          **C**  
He gives me love, love, love, love, crazy love
